

Condensazione

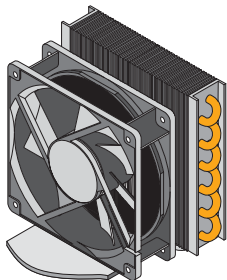

Condensing Units

Con Ventilazione

Air ventilation

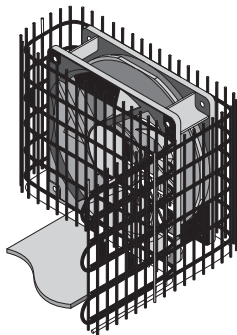

Condensatore ventilato a pacco alettato.

Ventilation condenser coil with fins

Condensatore ventilato a filo.

*Air ventilation condenser cooling unit.
Wire condenser coil*

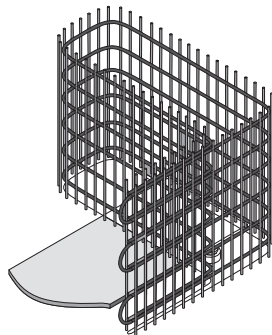

Statica

Static

Condensatore statico a filo.

*Static condenser cooling unit.
Wire condenser coil.*

(*) Vani frigo max 150 lt
Vani freezer max 80 lt

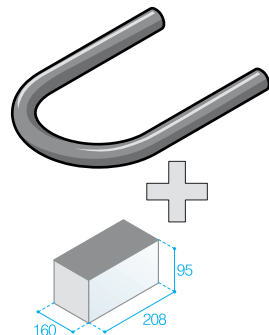

(*) For refrigerated compartments up to 150 lt. max
Freezers 80lt. max

Raffreddata ad acqua

Water-cooled

Condensatore ad acqua di mare.

Condenser cooled by seawater

POMPA 24V (optional)
Portata d'acqua 12,5 l/min

24Vdc PUMP (optional) - 12,5 lt/min (3.3 GPM)
